ABOUT US

Vision Support is a long established Regional Charity recognised as the leading provider of local support and services to people of all ages with a vision impairment in Cheshire and North Wales.

Established in 1876, our mission is to promote the continuing independence of individuals living with sight loss and to raise awareness of the needs of people with a vision impairment living within our local communities.

We have more than 150 staff and volunteers working to achieve this aim, and to deliver a range of services and opportunities.

Please contact your nearest centre for details of services available in your area.
